CHRIST CHURCH STAMFORD MULTI USE CENTRE

Located in Green Lane, Stamford, this Parish Church is home for the Access and Learning Centre. The Centre acts as focal point for local residents to access a range of information, social and educational opportunities.

The facility is part of the Lincolnshire Multi Use Centres Network offering access to a wide range of information, education, health and advice opportunities

The fully accessible Learning Centre, which can be hired by agencies, offers seminars, presentations, one-off events and weekly courses. Featuring self-contained facilities in the basement suite, there is access to IT as well as a kitchen, toilets and large meeting room. This is also a friendly and appealing space for youth outreach work.

The Day Centre has been welcoming local residents for many years. Meeting every Wednesday it proves a high point in the week for our elderly members.

For young families there is the Toddler Group with a warm and friendly room open with toys laid out for play all morning. There is also a craft table for more structured activities.
